[GeoNotes: social enhancement of physical space](#)[sics.se](#) [PDF]

F Persson, F Espinoza, E Cacciatore - CHI01 extended abstracts on ..., 2001 - portal.acm.org
 ... The GeoNotes system tries to bridge quite disparate areas of research within the HCI community. It tries to blur the border between physical and digital space (AR), and at the same time strives to socially enhance digital space (CSCW, collaborative filtering, social navigation). ...
